

TAKELMA FAMILY LANGUAGE LESSONS

Numbers

Lesson Focus and Goals

This lesson focuses on the 10 numbers in Takelma, following the Numbers Primer book.

Materials Needed

- Numbers 1-10 PDF
 - Numbers e-book and Takelma Primer book
 - Numbers Class Video
 - Dice Game instructions
 - Numbers Flashcards (connected to PDF)
- (all materials/links to the materials can be found here on the site)

Learning Objectives

Students will be able to:

- count to 10 in Takelma.
- Have a basic understanding of culture behind counting in Takelma

Structure / Activity

1. Watch the Numbers Class Video, or attend a live numbers class.
2. Go through the e-book. Make sure to use the audio, and repeat the words out loud.
3. Print out the PDF. Cut out the flashcards. Use the flash cards to practice.
4. Play the Dice game with someone.
5. Continue to practice these words to keep them in your vocabulary!

Additional Practice Activities

1. Teach someone you know the numbers. Use the materials such as the book, printed PDF, and dice game.
2. Use a random number generator to choose numbers and practice them!
3. Practice counting things in Takelma. How many shoes are at the door? How many plates are on the table? Incorporate this game in the car or outside as well.
